BirdBuffer® TR Kit

Timed Release Bird Control!

The BirdBuffer® TR Kit contains a timed-release dispenser along with 2 aerosol cans of Avian Fog Force™ bird repellent. The grape-scented spray does not harm birds, humans, or the environment. The BirdBuffer® TR Kit is an easy-to-use, programmable spray system that dispenses mist automatically at preset intervals.

The spray is effective against all types of flying birds and can be used effectively in small locations such as courtyards, terraces, entrances or near trash bins. Perfect for residential areas.
